New Lab, Real Skills:
Hands-On Training for Today's Operators

Accurate Training Center provides a comprehensive and practical approach to laboratory training designed specifically for water and wastewater professionals. Their programs combine technical rigor with **real-world application**, ensuring operators gain both **knowledge and confidence** they can immediately apply in their facilities.

Key benefits of training at Accurate Training Center include:

- Training operators continuously since 1998, with a proven track record of success
- 5 DEQ-certified instructors with advanced degrees in higher education
- Instructors bringing over 25 years of teaching and lab experience
- Extensive hands-on training that reinforces classroom concepts
- A newly built, state-of-the-art laboratory designed specifically for operator training
- Ongoing follow-up support from instructors after students return to their facilities

By blending **experienced instruction** with **modern facilities** and continued support, **Accurate Training Center** ensures operators are not only prepared to pass certification exams, but also to **perform confidently and effectively** in their day-to-day responsibilities.

For more information about operator and laboratory training, contact Jeff Clarke at 405.372.5300 x144 or Jeff@accuratelabs.com
